ALIEN INSTRUCTORS TABOO So Declares the State Law U. C. PROFS. ARE CUT OUT

If the recent interpretation of the school law is enforced to the letter, it is probable that there will be some material changes in the faculties of the public schools and Universities in the state of California within the near future, unless the present Legislature rescinds the act of 1901.

The hidden joker in the school law has recently come to light which has been passed up to the Superintendent of Public Instruction and he in turn referred the matter to the State Attorney General who has held that the existing law must be enforced.

The provision of the act alleged to have gone into effect in 1901 is not clear as it does not appear in

the school laws unless it is embodied in some clause which is not listed in the index and many attorneys have spent a goodly portion of the day pouring over the State school law but their efforts have been in vain.

According to the dispatches that come from the office of the Attorney General the decision is wide in its scope and will affect nearly every faculty in the schools of large cities throughout the state, not only will the interpretation of the law affect the schools of lesser magnitude but the Universities in general where savants from France, Germany and numerous other foreign countries are engaged as specialists. THE RICHMOND SCHOOL BOARD FINALLY GETS DESIRED SITE

Dispute Over Property in El Cerrito Tract is Ended in Court by Judge Latimer

TITLE IS ESTABLISHED
Choice Location for School is Obtained After Complicated Legal Tangle

For the sum of \$1640 the school board of Richmond has purchased the lots in the El Cerrito addition to Richmond, from John D. Brown, an incompetent person. Of the amount Brown will get but \$700 the balance going to Charles B. Randall and wife, owners of the hotel at Pullman.

Brown was formerly in an insane asylum in Santa Clara county. When he got out he went to work and bought the lots on the installment plan. His mind gave way again and he was forced to quit his job, going to the Pullman hotel to board.

When he owed the Randalls a big bill he gave them the lots. Soon afterwards he was declared incompetent and Police Officer Dewey of Richmond was appointed his guardian. Then followed a long dispute as to the ownership of the property which finally ended in this manner.

The Randalls agreed to give Brown \$700 for his claims and through DePew he accepted, Judge Zook of Marin county signing the order. Then a suit to quiet title was begun by the Randalls and Judge Latimer handed down the decision. The Randalls today transferred the

A SHOT, SCREAM, BLOOD, FLIGHT POLICEMAN-- THAT'S ALL

A pistol shot.
A piercing scream.

And a pool of blood are the only clues which the police have in the mysterious shooting which occurred on Tunnel avenue at midnight last night.

Sergeant Barry who was patrolling in the vicinity of the west side postoffice was the first to hear the shots and rushing to the scene happened to catch sight of a man clad in pajamas just as he leaped a geranium hedge.

In front of a cottage at 113 Tunnel avenue a pool of blood was discovered and the question has arisen was it another Australian feud or some humane residents dispatching a "Baritone Tom Cat" of the neighborhood?

SPEED BURNER IS FINED TEN DOLLARS

Arthur Rose of San Pablo was fined \$10 by Police Judge Lindsey today for speeding on Macdonald avenue. Rose was nabbed by Inspector Betts after an exciting chase in which he came near outdistancing the officer.

property to the school board. The deal was engineered by District Attorney Thomas D. Johnston.

MUCH LITIGATION IS IN STORE OVER ESTATE OF H. DICKSON, KILLED BY TRAIN

DEATH OF COLORED LABORER IS INVESTIGATED BY CORONER C. L. ABBOTT—DAUGHTER OF DECEASED FILES APPLICATION FOR LETTERS OF ADMINISTRATION WHEN SHE LEARNS THAT MOTHER APPLIED FOR SAME.

MARTINEZ, Feb. 6.—Indications are that the widow of Hanibel Dickson, killed on January 25th, at the local depot, is not to have smooth sailing in her petition for letters of administration on the estate, for today Rachael Berryessa, her daughter filed a similar petition in which she gives the value of the estate at \$1200 and "a claim for damages against the Southern Pacific railroad."

The amount of this she does not state. For the past two days Claims Agent Mead of the Southern Pacific company has been camping here and talking with the widow who shows no inclination to settle.

Now that the daughter has stepped into the case it looks as if there is going to be a merry legal squabble for the estate. One of the strong facts of the case already ascertained by the Southern Pacific is that Dickson was obtaining county aid.

In case an effort is to be made to fix the amount of damages on his wage earning power it is said this fact will be a very material one.

An inquest to determine the cause of the death of the late Hanibel Dickson, killed in the train crash at the local depot on January 25th, commenced today with Coroner C. L. Abbott presiding. The hearing was in the parlors of J. J. Hauser.

Among those giving testimony were Engineer A. H. Leightner, Fireman W. McLean, Conductor L. E. Linebarger and Brakeman W. F. Seibert and W. W. Sipe.

There was practically nothing new brought out which was not contained in the findings of the Southern Pacific board as published in full in these columns a short time ago.

The jurors were George Keller, George Winkelman, A. B. Wilson, Vincent Hoey, W. G. Reed and J. Greenhood.

SACRAMENTO RIVER MAKES A NEW HIGH WATER MARK

THOUSANDS OF ACRES OF RICH FARMING LAND IS SUBMERGED BY FLOOD WATERS—NUMEROUS BREAKS IN THE LEVEES REPORTED—TWO MILES OF NORTHERN ELECTRIC RAILWAY TRACK IS WASHED AWAY.

COLUSA, Feb. 6.—With five breaks in the levee on the west side of the river from Princeton to Grimes, and one break in Reclamation District 70 in Sutter county, and the Sacramento river registering 28.7 1-2 at the Colusa bridge at 9 o'clock this morning, 3 1-2 tenths above high water and rising slowly, the river country today is suffering great damage from the most disastrous flood in its history.

The first break to occur on the west side went out at 2 o'clock Wednesday afternoon at the Zumwalt place three miles north of town gave way and continued to wash until this morning it was about 100 feet wide and flooding a large territory west of the river. Many of the farmers in that section were compelled to abandon their homes and move their livestock.

Between five and six o'clock this morning the levee gave way in four places, Davis ranch, three miles south of Princeton; J. F. Campbell ranch, three miles south of Colusa; George Wood ranch above the Meridian bridge and J. W. Browning beet ranch one mile above Grimes. Water from these breaks will inundate many thousand acres of farming land.

The break at the Davis place will flood land between the river and the trough, and the Blevins & Mallon rice land. Fred Mendosa, who had three thousand head of sheep pastured at the Thousand Acre Corporation, to prevent their drowning, drove them to the Colusa-Hamilton railroad track, where they will be temporarily safe.

At the Campbell ranch about three hundred feet of the levee is gone, and the water has washed out about two miles of the Northern Electric track and twelve poles of the Pacific Gas and Electric company. This break went out at five o'clock this morning at a point where the levee was considered am-

ply strong to withstand any raise. The break developed suddenly from a gopher hole. Campbell and Peterson lost two hundred head of sheep and lambs that were at the south end of the pasture. Their other sheep were moved to the Hannah pasture near the old race track.

Water from this break has flooded all of the river ranches south of town and has backed up to the Wimp place one mile south of Colusa. The break at the Wood ranch will flood the Sycamore country and with the water from the others, will flow southward to the Grimes country against the levees protecting Reclamation District 198 and Fair ranch.

The high water on the east side is only lacking four inches of being level with the river causing several families to leave their homes and move to Colusa.

Wood choppers in the Packer Bend, near Princeton had a narrow escape from drowning Wednesday afternoon. They failed to follow the rapid rise of the river and when they attempted to leave the bend on Wednesday afternoon, they were marooned on a small island and with the river rising rapidly, sought safety in trees where they remained for several hours until their yells were heard by people living on the east side, who telephoned here to Sheriff Stanton and a launch was sent to rescue the men, who were suffering from hunger and exposure when found.

Colusa is now isolated and the only communication with the outside world is by telegraph and telephone. Roads in all directions are flooded and impassable.

The Northern Electric is badly crippled by the Campbell break and the one in the Butte Slough levee in Sutter county, and after the water recedes it will take a large force of men at least five days to repair the track. Colusa will also be with-

LARIOUS PROVES EVASIVE Gives Police Wrong Address WON'T TALK OF STABBING

Who is Charles Larios and where does he reside?

That is what the police of this city are endeavoring to find out. Meanwhile the man who retains stolid silence about the affair which led to his being badly knifed on Thursday night occupies a cot in the Craven hospital where he refuses to be interviewed by either newspapermen or the police.

Yesterday he informed Chief of Police Walker, after a forced interview, that he had lived at the Topoka house, and also at the Marcollo apartments, but upon investigation by the police this was found to have been false.

Almost immediately after the chief

BERNDT ESTATE APPROXIMATED AT ABOUT \$2000

Mrs. Emily Berndt, widow of Siegfried Berndt, late superintendent of the California Wine Association's plant at Winchaven, today filed articles in the superior court at Martinez asking that she be appointed executor of the estate of her deceased husband, valued at \$2,000, \$700 of which was for personal property, while \$1300 was life insurance.

Berndt, who was well known in this city, was taken suddenly ill following an injury which he received at the winery which necessitated him being removed to the El Cerrito Sanitarium of Dr. Hunn in Ross Valley where he lived but four days.

Just who will be named as the new head of the winery has not as yet been given out.

WELL KNOWN ELK SUMMONED BY DEATH

Frank L. Palmer, representative of the "Jolly Elk" and a regular visitor to this city, while covering his Pacific coast territory, died on January 11th at Miles City, Montana. The death of Palmer has cast a gloom over local Elk circles.

Perhaps no Elk was better known or more universally esteemed than the deceased. He was everybody's friend and was known in every Elk club from New York to San Francisco. It was only a short time ago that Palmer visited this city, happy, robust and enjoying his usual health. He was 69 years of age.

but power a few days, unless Manager Hartsock is able to find a way to span the Campbell break with connecting wires, which does not seem possible at this time on account of the great current and suction at the break, and the enlargement of the break by the rapid washing out of the levee.

UNIVERSITY IS LOSER BY DECISION OF JUDGE GRAHAM

State Institution of Learning May Lose \$400,000 Left as Endowment by Cement King

WILL BROKEN BY HEIRS

Funds Promised for Erection of Stadium and Gymnasium Not Yet in Evidence

SAN FRANCISCO, Feb. 6.—The University of California today lost tentatively \$400,000, bequeathed by Ernest V. Cowell, cement manufacturer, when Superior Judge Graham broke his will, contested by his widow, Alice M. Cowell.

When suit was begun by Mrs. Cowell to have the will declared null, on the ground that more than one-third of the estate had been bequeathed to charity and that she had been deprived of her widow's share of one-half, the brother and sisters of the late millionaire, S. H. Cowell, Helen C. Cowell and Isabella M. Cowell said, through their attorney, John F. Partridge, that they would make up the amount lost to the university should the decision go against the college.

Judge Graham in rendering his decision had in mind, it is said, the statement of the brother and sisters of Cowell that they would make up any deficiency caused by allowing the widow of her lawful share.

In the will of the cement manufacturer were the items of \$200,000 for a stadium at the State University and \$200,000 for a gymnasium. Also a trust fund of \$250,000 was bequeathed to the widow, which after her death was to revert to the university.

In Cowell's will there also appeared bequests to various clerks and office workers who helped him make a success of his business, items ranging from \$250 to \$1,000, the amounts rated as to the service of his employees. These bequests were upheld by the court.

Independent Democratic

Official Paper of City of Richmond

A FREE GOVERNMENT

The Pharisees believed that man was made for the Sabbath; Jesus taught that the Sabbath was made for man. The German idea is that people exist for the state—the government; in the United States we hold that the government exists for the people. But Prussia did not originate the doctrine that the people exist for the government. It was first formally enunciated in the seventeenth century by Hobbes, official philosopher of the Stuart tyranny in Great Britain. The answer to it was given in the bill of rights.

The government exists for the convenience, safety and welfare of the individual; that has been the political principle running through English history from Saxon times. It is expressed in magna charta, the bill of rights, our own declaration of independence and federal constitution.

The soldier dying for his government, dies for his brothers and sisters, not for a monarch who rules by divine right, not for the sake of an abstraction. The democratic idea is that, instead of being master, the government is the servant of us all. It is, or should be, the embodiment of our collective good, is animated by mortality and is bound by moral obligations.

The old matter of destroying fish by the commission men in San Francisco is again brought to light, by the report that hundreds of boxes of herring are being dumped into the bay every day so the price will not go below a dollar a box. If Governor Johnson and his numerous commissions will only do something to bring those wasted fish into the larders of the poor people of the state they will rise up and call his blessed.

Unemployed statesmen will find an opportunity in Mexico where the office of the president has a vacancy every other day. The job is a short one, and the pay amounts to nothing, because there is nothing in the treasury to take away, and the work is extra hazardous without any compensation law to cover accidents. But there is the title which is acquired; it is something to have been known as Mr. President.

Having been for six years on the divorce bench of Cincinnati, during which time he handled 6,000 cases, the judge of that department has rendered an opinion that whisky was the cause of most of the family ruptures. Certainly that was the cause of the trouble. It does not take a judge of a court to determine that much.

Now comes a member of the legislature from Sacramento who wants to tax automobiles according to their weight. The Fresno Sunday Mirror wants to know why some wise legislator does not get up on his hind legs and propose that they be taxed by their smell.

UNIQUE THRIFT PROMOTION

The great importance of starting a savings account for employees has become so patent that one company, the Washburn-Crosby Co. of Minneapolis has taken great pains to indicate the importance of savings by starting and encouraging saving for their employees. The February booklet issued by the Savings Union Bank & Trust Co. of San Francisco contains the following:

"The Washburn-Crosby Co. put a check for \$25 into the pay envelope of each of the 700 men who work in the wheat grinding and flour packing and loading departments of the Minneapolis mills of the company when it paid off Saturday, November 21. Not a man had any idea that this 'extra' was coming.

"The checks were drawn on the Northwestern National Bank, payable to the Farmers & Merchants Savings Bank, and the only 'string' to the bonus was that every recipient thereof must open a savings account. After that is done the company has no further control over the money, and if the man wants to draw it out and spend it foolishly, or otherwise, no one will try to stop him.

"But the company has added a provision that is calculated to stimulate a desire to save. On November 1, 1915, it will pay every man still in its employ who was included in the original bonus, one-half as much as the increase in his deposit for the year, up to \$25 each. If the man who starts with \$25 brings it up to \$75 before November 1, 1915, he will get another \$25 to add, and if his account at that time shows \$15, he will get \$10 to add.

"The experiment is costing the company \$17,500."

DR. FARABEE

Dr. William Curtis Farabee, anthropologist of the University of Pennsylvania, was completed last fall a journey of 4,000 miles in mals, art work and relics from the depths of South America, bringing back specimens of animals from the wilds, was born Feb. 7, 1865, at Sparta, Pa. Dr. Farabee has planned to spend two more years in the unexplored sections of South America, but lack of supplies, because of the panic among the South American natives over the war in Europe, forced him to end his trip at Para on October 16th.

Dr. Farabee was educated at Waynesburg College and Harvard. He taught school for several years,

then went to Harvard for ten years an instructor in anthropology. While at Harvard he undertook his first expedition into the Amazon country, and brought back a notable collection. Two years ago he was made curator of the museum at the University of Pennsylvania and was chosen to head an expedition to South America. He explored sections of Peru never before visited by the white men. Here he collected pottery specimens of great value. He visited the Juhuas Indians and collected ethnological material, photographs and vocabularies which will be the subject of an important report.

Dr. Farabee is a member of many scientific societies in North and South America and in Europe.

EX-GOV. HODGES

Hon. George Hartshorn Hodges, who retired last month as Governor of Kansas, is a self-made man. He was born at Orion, Wisconsin, on February 6, 1866, and when three years old was taken to Kansas by his parents. They settled at Olathe, Kansas, and there the boy attended school. When he was 20 years old he struck out for himself, and his first job was as a day laborer at a lumber yard. Within three years he was in the lumber business in a small way, and by gradually ex-

tended his activities until he had an interest in 10 lumber yards. His first political honors came in 1904, when he was sent to the state senate. There he distinguished himself, and he retained his seat until 1912, when he entered the campaign for the Governorship on the Democratic ticket. He was elected in 1913 for two years, the only Democrat to win a State since that year. The ex-governor makes his home at Olathe, and will devote his time to his lumber business. He married Miss Ida M. Miller of Olathe in 1899.

WITNESS AFTER WITNESS IN RICHMOND

Such Evidence Our Readers Cannot Dispute

As we take up the Record-Herald week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks as Mrs. Gorman does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

THIRTY BIRTHS ARE RECORDED FOR JANUARY

In addition to Richmond taking
second place in the state in point
of birth rate for the past three years
holding its own with Watsonville
and Modesto, ranking first and sec-
ond respectively, the showing that
this city makes for the month of
January is exceedingly flattering
and bids fair to make 1915 take
equal prominence with the three
former years. According to the
figures compiled by City Health Of-
ficer Dr. Charles R. Blake there
are 30 births reported for the
month as compared with 21 for
1913, 12 for 1912 and 11 for 1911.

The Health Commissioner requests
that if there has been a birth with-
in the city that is not recorded in
the following list that the parents or
attending physician kindly notify
his office. The following is the
list of births for the month, togeth-
er with the date, name of sire and

OAKLAND TO OPEN A VOCATIONAL SCHOOL

OAKLAND, Cal., Feb. 6.—The
first vocational normal school in
California will be established in
Oakland, if a bill at present before
the legislature becomes a law.

The bill provides for the estab-
lishing of a vocational training
school for teachers, the state to re-
imburse the board of education of
Oakland an amount equal to the
salaries paid the instructors and
to cover the bare cost of material
and the operation of the machinery.

The Oakland technical high school
has been chosen for the first try-
out of the scheme and it is proposed
to start the evening classes for the
teachers the semester following the
long vacation this summer.

The technical high school was
recently completed and the shops
and other vocational departments
are equipped with upward of \$100-
000 worth of machinery of the lat-
est and most up-to-date design.

Providing the venture becomes
successful, the state board of educa-
tion plans to incorporate in each
of the elementary schools of the
state classes which will allow the
large majority of pupils who do
not desire an academic education,
training in the occupation which
they plan to follow in life.

It is estimated that nearly 84
per cent of the pupils in the ele-
mentary schools drop out without
receiving any training which will fit
them directly for the work they
have chosen to provide them with
a livelihood. The new Oakland
school will, it is believed, eventually
remedy this condition.

TWO LITTLE SIGNS

Here are two little signs that in-
dicate that your eyes need atten-
tion: (1) Lights seem less bright.
(2) Eyes tire after reading. Why
not have your eyes examined to-
day by Dr. C. R. Blake, 704 Mac-
donald Ave., at 7th, Richmond,
Cal. Hours 1 to 4 & 7 to 8 P. M.

COMING EVENTS

given in Fraternal hall by Odd
Fellows Hall and Building Associa-
tion.

February 13—Regular monthly
dance of Mike and Ike to be held
at East Shore Park.

April 1—William Rathben will
lecture in auditorium of Lincoln
school in the evening. Auspices of
Christian Scientists of Richmond.

Don't suffer! Get a dime pack-
age of Dr. James' Headache
Powder.

You can clear your head and relieve
a dull, splitting or violent throbbing
headache in a moment with a Dr.
James' Headache Powder. This old-
time headache relief acts almost magi-
cally. Send some one to the drug store
now for a dime package and a few mo-
ments after you take a powder you
will wonder what became of the head-
ache, neuralgia and pain. Stop suffer-
ing—it's needless. Be sure you get what
you ask for.

HORSE KILLED BY FALLING WIRE DURING STORM

During the heavy wind storm of Monday some of the power wires of the Pacific Gas & Electric Co. were badly damaged in this locality. At the corner of China and School streets a wire snapped in two and struck a horse driven by two Portuguese from Concord. The horse was instantly killed and the men, in a top buggy, escaped injury by getting away without coming in contact with the wire. Superintendent Pryor was at once notified and had the power shut off before more damage was done.

The men could not speak English but the above facts were interpreted. The position of the wire after the accident shows that possibly it had snapped in two and part of it was hanging in the road in such a manner as to allow the horse to walk into it. The animal was owned by Henry Ivey, the Concord liveryman, and was valued at \$100.

The accident caused considerable excitement and while a large number gathered at the place, safe distances were kept until the power was turned off. Under the circumstances it was very fortunate that no further accidents occurred.

Scene from "It's No Laughing Matter"

'HULY' LIKE A KID SOMETHING FOR AT A COUNTY FAIR THE KIDDIES TOMORROW

Filled with the optimistic spirit which seems to be prevalent amongst the people around Los Angeles and San Diego, F. J. Hulaniski, accompanied by his daughter, Miss Marie Hulaniski, arrived in this city today following a short trip spent in the south.

"Why," exclaimed 'Huly,' "I thought that the only place where Mother Nature linked itself with the Twentieth Century civilized world was at my 2x4 ranch near San Pablo but since I have seen those miles and miles of orange orchards, the miles and miles of paved country boulevards, the greatness of the San Diego exposition and the beautiful gardens and summer resorts which pack the ocean beach, I begin to think that I have been living the life of a recluse."

While in Los Angeles, Hulaniski who is the dynamic energy of the Thinkograph magazine, established a branch office at the corner of 3rd and Spring street at which V. Lawlor will have charge and will be assisted by Mrs. Onal Engelklux.

"Punch and Judy" will be the principal attraction at the Richmond theatre tomorrow afternoon and evening when there will be a top-notch bill of variety and pictures. This Punch and Judy number is not the stereotyped style of shows which has been common for many years, but is to be one of the entertainments on the "Zoo" of the exposition when the amusement concessions open on the 20th. It will please the old and the young and prove one of the best humorous offerings that has been seen at the playhouse in a long time.

"It's No Laughing Matter" will be seen for the last time this evening is an all comedy bill and it has met with such universal approval that Manager DeLorme is figuring on making two days a week comedy days.

MRS. JAS. O'HARA REPORTED TO BE VERY ILL

Mrs. James O'Hara who was taken suddenly ill last evening was removed from her home to the Craven hospital from which place she will be taken to an Oakland sanitarium tomorrow.

Dr. H. N. Barney, attending physician, states that Mrs. O'Hara who is very ill has an even break for recovery.

ADMIT PUTTING 8 AGED MEN TO DEATH

YONKERS, N. Y., Feb. 6.—Investigation of Fred Mors' story that he put to death eight aged and infirm inmates of the German Old Fellows' home here "because they were old and a nuisance," extended today to physicians who are said to have signed the death certificates in some of the cases. Adam Bangert superintendent of the home, and three porters are now under arrest as material witnesses. Mors is in Bellevue hospital, New York City, under the surveillance of alienists.

The coroner said the three porters told him that when an inmate of the home died a certain mark was chalked on the door of the room in which the body lay, and that a physician was supposed to see this mark and examine the body before

WILLIAM HAYNES IS VICTIM OF PNEUMONIA

SAN FRANCISCO, Feb. 6.—M. J. Haynes, known to thousands of his dearest friends in San Francisco as just "Billy," and for ten years public administrator, died at 12:30 last night of pneumonia after an illness of only five days.

Most of his friends and few men in San Francisco had more of them—were not even aware that he was sick.

Death came to him at his home at Buena Vista and Frederick streets, which he bought only about two months ago, and into which he had just moved. His two children, Ruth and Stuart, both grown to maturity, were with him when the end came.

Born in Vermont, Haynes was born in Vermont 60 years ago, and came to San Francisco as a child. He was educated here in the public schools and went into business. For many years he was credit man for the City of Paris and also a director of the company, and ten years ago was elected to the office of public administrator, which he has held since, and during his entire term has never had a line of criticism uttered against his administration.

Socially Haynes was as well and widely known as in official and business life. He was a skilled entertainer and was much sought for at all public and fraternal functions as such.

LORELEI CLUB WILL BE GUEST TUESDAY

The members of the Lorelei club will be entertained on Tuesday evening by Miss Ole Trainor at the beautiful residence of Dr. W. E. Cunningham in the Burg tract.

Issuing the death certificate.

The porters said, according to the coroner, that in some instances the doors had been passed by and the death certificates made out showing the cause of death to be apoplexy.

According to the story by Mors when he walked into the district attorney's office in New York several days ago, five inmates were killed with an anesthetic and three with other drugs.

FREE LECTURES ON BIBLE TOPICS

At College hall, Fourth and Macdonald avenue, Sundays at 3 p. m. The public is cordially invited to attend. No collections.

The Associated Bible Students for 40 years have been calling attention to the time set for the present world war, through the prophecies of the Bible.

The Photo Drama of Creation that has been shown free to the public in America and Europe by this Association for the past year has helped to clear up much of the confusion and misunderstanding of the scriptures caused by the conflicting creeds.

These lectures will answer satisfactorily nearly all the difficult questions in the minds of many.

Don't fail to attend. The schedule is as follows:

- Feb. 7.—Mustering the Forces for Armageddon; C. W. Gerdes.
- Feb. 14.—God's Cath-Bound Covenant; J. A. Gardiner.
- Feb. 21.—Jehovah's Footstool; H. M. Fitch.
- Feb. 28.—The Signs of Christ's Presence; W. L. Domick.
- Mar. 7.—Is This God's Day of Wrath? Robert Craig.
- Mar. 14.—Earth's Great Jubilee; H. Schumacher.
- Mar. 21.—Thy Kingdom Come; L. T. Corti.
- Mar. 28.—Why God Permits Evil; F. H. Driscoll.

SHORTAGE OF SHIPS CAUSE OF BIG TIE-UP

The high price of charters, without parallel in maritime history, has brought about a serious situation for some of the big shipping concerns who now find it difficult to obtain charters at any price. Numerous concerns which operated fleets of foreign vessels before the commencement of the war, have since been compelled to charter American vessels to care for their consignments. The situation is not so serious to those who operated British steamers and vessels which are still free to roam the seas.

The elimination of the vast fleet of Germans has made it necessary to handle the cargoes of the neutral nations in American, British or other vessels flying the flags of countries other than Germany and Austria. The unusual demand combined with the sudden activity in the movement of cotton from the southern ports to Europe has drained the Pacific Coast of nearly every available steamer, and even of certain vessels which are small and not suited for the transportation of this commodity across the seas.

BARACA CLASS HOLDS MOTHER GOOSE PARTY

A mother goose social was held by the members of the Junior Baraca class at the Wesley Methodist church last evening. The committee which had charge of the evening's affair was composed of Miss Nina Moody, Miss Fay Frymire, Miss Regina Ardery and Miss Elizabeth Cagwin.

THE EUROPEAN WAR IN BIBLE PROPHECY.

Undreamed of passions have burst forth, devouring the lands that patient hands have beautified and made fertile, and centuries have stocked with art treasures. To the entire world the war has come as a complete surprise because they have not read our book (66 pages—cloth) telling that just such conditions would exist, only to be followed by the still greater devastation of anarchy. The first edition came from the press in 1897.

Of vast interest and importance is its promise of better things in store for this earth, when the wrath of nations has run its course. Send thirty-four cents in stamps with this coupon to cover postage to The Temple, No. 26 W. 3rd St., New York City, and receive a copy promptly.

The acute agonizing pain of rheumatism is soothed at once by Sloan's Liniment. Do not rub—it penetrates to the sore spot, bringing a comfort not dreamed of until tried. Get a bottle today.

RHEUMATISM
Here's What Others Say:
"I highly recommend your Liniment as the best remedy for rheumatism I ever used. Before using it I spent large sums of money trying to get relief of the misery and pains in limbs and body, so I tried your Liniment, both internal and external and I found quick relief, and now am well and strong again."—Geo. Curtis, 225 N. 16th St., Springfield, Ill.

Here's Proof:
"I wish to write and tell you about a fall I had down fourteen steps, and bruised my neck and hip very bad. I could not sleep at all. I sent my wife for a 25-cent bottle of your Liniment and in two days' time I was on my feet again."—Charles Hyde, 1555 1/2 Prairie Ave., St. Louis, Mo.

SCORES OF DIFFERENT INDUSTRIES ARE CUTTING OPERATING COSTS

CHEAP — RELIABLE — EFFICIENT POWER service from Central Station can do for your business what it is already doing for thousands of others in scores of different lines.

Not only is the actual cost of generating power diminished considerably but you also save money by stopping the WASTE OF POWER which the operation of every private plant entails.

POWER FROM CENTRAL STATION HELPS MULTIPLY ECONOMY

The statistics of our engineers—gathered from hundreds of different actual cases—point conclusively to the immensely increased economy of Central Station Service over private plant operation. Is there any reason why you should not learn just what benefit Central Station Service MIGHT have for you? Let us make an analysis of YOUR power requirements. It will cost you nothing. It may mean a fund of valuable, new, power information for you.

COUNCIL CITED TO APPEAR IN COURT MONDAY

The Council of the City of Richmond, each and severally have been summoned to appear in the Superior Court next Monday to show cause why an injunction should not be granted to the Bay Counties Land Company restraining the city from dredging either with hydraulic dredge or otherwise a channel over the property of the Bay Counties Land Company.

The action grows out of a contract which was awarded November 30, 1914, to the Richmond Dredging Company and the plaintiff alleges that in so doing the city of Richmond has converted some 68,000 cubic yards of material belonging to plaintiff to its own private use. Therefore the Bay Counties Land Company has made application for an injunction restraining the city from further operations. The matter will be given a hearing at Martinez Monday afternoon at 1 o'clock before Judge R. H. Latimer. M. R. Jones and Fitzgerald, Abbott and Beardsley are attorneys for the plaintiff.

BOY SCOUTS SEEK GOVERNMENT CHARTER

WASHINGTON, Feb. 6.—The Boy Scouts of America will receive a government charter, if the recommendations of the Senate Judiciary Committee are followed out. A bill to incorporate the Boy Scouts, with headquarters in Washington, has been favorably reported. The report of the Committee says in part: "The Boy Scout movement aims to supplement established educational facilities in the inculcation of character by engaging the boy's leisure energies in outdoor activities which develop the powers of initiative and resourcefulness and lead him to become a better man and a good citizen. It tends to conserve the moral, intellectual and physical life of the coming generation and in its immediate results does much to reduce the problem of juvenile delinquency in the cities. The scout movement has grown rapidly during the past years until it is now organized in practically every community of 4,000 inhabitants and over and in many smaller communities of the United States." The incorporators are residents of all sections of the country.

SEE WHAT SCIENCE
HAS DONE FOR ME

after 3000 years of kitchen drudgery. The much-needed rest of the Housewife has at last arrived. The invention of the

Whirlpool Sanitary Dish-Washer
saves health, time and nerves and preserves hands and complexion. At last

Woman's Emancipation
is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people.

No contact with hot water, steam or hot soapy suds. Self-cleaning, sanitary, no pump used. Small in size, easily lifted and carried. Strongly built of stamped metal.

Can be purchased on easy payments. Write for our plan.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The movement of the handle forward and backward revolves the propeller in the bottom of the washer, which dashes the hot soapy water with a swirling effect around, through and over all the dishes, forcibly attacking them at all points, and cleansing them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the washer works so easily that a child can operate it.

Turning down the small lever at the top of the washer, opens drain valve and discharges the water in a few seconds. The dishes are then rinsed and sterilized by pouring a discharge of clear boiling water through the lid and turning the handle about thirty seconds. The rinsing operation automatically cleans the washer itself, which always remains in an absolutely sanitary condition.

Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dishwasher sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnishes agents the best opportunities for quick money making available anywhere.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

JOYS DISPERSE GLOOMS AT ORPHEUM THIS WEEK

Rain may cause gloom in some quarters but it never stops the gaiety at the Orpheum. When it's wet and cold outside the Orpheum management sees to it that it is cozy and comfortable in the big vaudeville theatre and the stage these days, during the afternoon and night scintillates with novelty and fun, just as usual. In fact the Orpheum seems to be even more welcome to theatergoers than usual, just because of the gloomy weather.

It surely is a cure for the blues to step into the vaudeville temple and watch the sparkling, snappy vaudeville program go through its paces. Two big acts share the headline honors this week. Alice Eis and Bert French contribute a wonderful dancing novelty, that is both beautiful and daring. Everybody in town seems to be guessing as to how they do it, and how their wonderful snow banks that decorate the rear of their stage are manufactured. These snow banks are apparently a combination of fluff and foam and snow, brilliantly colored. Eis and French dive into the bank and emerge again as they dance, while the fluffy stuff yields to them and then closes up as they disappear. It is both beautiful and mysterious and as Eis and French are remarkable dancers, the scenic novelty is quite in keeping with the remainder of their artistic work.

Anna Chandler is the other star of the bill and she certainly deserves the high place accorded her. Not in many months has anybody registered the hit that this slip of a girl achieves with her ballads and unique character songs.

A dainty maid is Dorothy Brenner and with her partner Bernard Wheeler she gives a classy and a dainty bit of comedy and song and dance under the title of "The Candy Booth." It is a musical sweetmeat and delectable throughout.

Jack Gardner has a novelty in his travesty called "Curse You! Jack Dalton." He has made use of some moving pictures in a novel way and has succeeded in performing a miracle in that he presents something that is absolutely new under the sun.

Elsa Raegger who is considered the world's greatest cello artiste is a delightful feature of the program. The Danube Quartette are extraordinary athletes who do some wonderful stunts.

The big laughing hit of the bill is made by the Schwarz company with their European novelty called

"The Broken Mirror." The management announces that Ching Ling Foo with his ten celestial will be the chief attraction next week beginning Sunday matinee.

CATARRH OF KIDNEYS AND BLADDER

Peruna Saved Me

Mrs. Powers, whose address is given below her portrait, is an ardent friend of Peruna. She says:

"I am thankful to tell you that my old trouble has never bothered me any since you received my testimonial. Any one wishing to know the facts in my case, if they will write me I will be glad to answer. Your medicine has saved me, and gave me perfect health. I frequently meet friends that knew me when I was in poor health. They ask me what has made such a change in me. I always tell them that it was the nerve remedy, Peruna. I shall praise Peruna as long as I live."

Catarrh of the Internal Organs

Mrs. A. T. Powers, R. R. 7, Box 121, London, Ohio, writes: "I write to thank you for the wonderful good your Peruna has done for me. I was a sufferer from kidney and bladder trouble for twenty-two years. Two years ago I began to take Peruna, and I only took about three bottles and today I can say I am a well person."

Catarrh is liable to affect any of the internal organs. This is especially true of the bladder, which is very frequently the seat of catarrh. This is sometimes called cystitis.

Mr. James M. Powell, No. 1620 W. Walnut St., Rosedale, Kansas, writes: "About four years ago I suffered with a severe catarrh of the bladder, which caused continued irritation and pain. I was miserable and could not stand up or walk for any length of time without extreme weakness and pain. I began taking Peruna and it greatly relieved me and in eleven weeks I was completely cured, and felt like a new man."

Those who object to liquid medicine can now procure Peruna in Tablet form.

Rheumatism Muscle Colds

DR. BLAKE DENIES THAT SMALLPOX EXISTS HERE

The rumors and stories concerning cases of smallpox which have been spread broadcast for the past several days are stoutly denied as being false and untrue by Dr. C. R. Blake, city health officer.

A news story published several days ago was the cause of the recent agitation over the dreaded disease

which became so unsavory that the health department has been called upon to make a public denial.

An attache of the health office stated today that there had been four cases of chicken-pox reported to them for immediate attention but as yet nothing had been known of a smallpox epidemic having broken out.

HEALTH OFFICIALS HAVE ELIMINATED ALL DIPHTHERIA

The last of the diphtheria cases which have kept the city health officials on the jump for the past two months was released from quarantine today in the person of Donald Gray, a high school student residing at 135 Fifth street.

That the terrible disease might not gain headway it was necessary for Dr. C. R. Blake to call into use many of the modern and up-to-date sanitary methods.

same condition exists in the Oakland schools where alien teachers have been employed for the purpose of teaching foreign languages.

Under the ruling, many professors at Berkeley, drawing salaries from the State of California, will lose their places. Likewise, teachers in the normals and the high schools, who are instructing in the foreign languages, and are not citizens of the United States, can not hold their places, nor can they draw the State's money.

The opinion is based on a general law enacted in the Legislature of 1901, and is quoted from "Deering on General Law," page 589.

The institution it will hit most seriously, if it is pressed to the letter and spirit, is the University of California, where there are a number of alien teachers, among them German professors, Frenchmen, English, even Orientals from India and Japan.

It is probable that when the legislature reconvenes a bill will be introduced repealing the troublesome law.

Superintendent Hyatt announced that it is not within his province to order the enforcement of the act. He simply is giving out the text of the opinion as he received it from the Attorney-General.

No Local Significance

As far as can be learned there is no local significance in the ruling which will in any wise affect the city of Richmond or the county schools.

LARIOUS EVASIVE

(Continued from Page One)

pital where a hurried conversation was held.

Larios, when he walked into the office of Dr. Irwin March, wore a blue serge uniform similar to those worn by employees of the Red Line Transfer company.

He informed the doctor that he had been stabbed with a pair of scissors in the hands of his wife but did not care to have the matter made public.

This is doubted by the police who believe that the man's main reason for having the whole affair so hurriedly hushed is that it may be kept from his wife who is not thought to have been the assailant.

The information that he gave Sergeant Jennings on the night of his having been attacked has been found to be a falsehood, according to the police.

Mrs. Smith, sister of the "Mystery Man" upon finding her brother in the hospital asked: "How did it happen, Charles?"

"My wife did it," replied Larios, with a laconical smile on his lips; at which his sister inquired in a startled manner as to how long he had been married and why he had not let her know of the affair before.

"I never knew you were married," exclaimed Mrs. Smith, in the presence of Dr. Irwin B. March, Chief of Police Walker and Head Nurse Mrs. Scharkoff of the Craven hospital, at which Larios turned his head and feigned to be asleep.

According to several Santa Fe trainmen who claim a speaking acquaintance with the "mystery man" he was thought to have resided in Oakland, as he always came to his work in this city on a street car, whereas, had he been employed in San Francisco it is probable that he would have used the Santa Fe ferry.

Superintendent L. C. McMurdy of the Red Line Transfer company with offices in San Francisco, stated today to the Record-Herald that on Wednesday evening of this week Larios had asked for a two day leave of absence, stating that he was not feeling well.

"The first I knew of the stabbing affair," stated McMurdy, "was when informed by the police of your city."

BERKELEY LOATHE TO LET SECRETARY OF CHAMBER OF COMMERCE RESIGN OFFICE

WELLS DRURY DETERMINES TO SHY HIS CASTOR INTO THE POLITICAL ARENA OF THE COLLEGE CITY AND REGRETS OF ENTIRE MEMBERSHIP OF CIVIC BODY VOICED—MAY RECONSIDER PLANS AND BE INDUCED TO STAY.

BERKELEY, Feb. 5.—At a meeting of the Board of Directors of the Berkeley Chamber of Commerce last evening Vice President B. J. Bither presided and read the letter of resignation as secretary, recently presented by Wells Drury.

Vice President Bither said: "I understand that Secretary Drury's resignation was submitted in contemplation of his becoming a candidate for the office of Mayor. I know that none of us are disposed to influence any citizen in regard to his aspirations for advancement, but I feel like saying that however much demand there may be for Mr. Drury's services as Mayor, I most assuredly think that there is a still greater demand for his services as secretary of the Chamber of Commerce. In this, the most important epoch in the history of Berkeley, and for one I should regret to see his resignation accepted by this board without an effort being made to induce him to reconsider his proposed action."

The other members of the board coincided, and resolutions were unanimously adopted setting forth this sentiment.

Mr. Drury was invited to appear before the meeting and was apprised of the action taken. He was requested to take such time as he deemed proper to consider the question, and was urged to weigh the claims which the directors believed that the Chamber of Commerce and the community had on his services as secretary during the year 1915, at least, when so much may be done for Berkeley. This is the time for realizing results for which all have striven during the past years. Therefore Mr. Drury was asked, if conformable to his plans, to forego his aspirations for municipal office, and

to consent to a continuance in the field of effort occupied by him for several years.

Replying to this request Mr. Drury said that he was gratified by the sentiment expressed and duly appreciated the good will which prompted the board's request. He was deeply sensible of the honor done him, and in view of the cordial relations that have at all times existed between the officers and the members of the Chamber of Commerce and himself, he deemed it no more than right and proper that he should give the subject respectful and careful consideration, which he would do, and would give a final answer within a reasonable time.

POPULAR NURSE TAKES CASE FOR LIFE

A pretty wedding was solemnized in Stockton this afternoon at which time Miss Jessie McLain for many years a nurse at the Abbott emergency hospital in this city became the bride of Roy Winters, a business man of that city.

The wedding at which only the intimate friends of the young couple were in attendance was held at the First Christian church in that city following which the couple left for a honeymoon to Los Angeles.

Miss McLain is the daughter of Mr. and Mrs. J. McLain of 451 A street who during her residence in this city has made a large number of friends.

Those in attendance at the wedding were: Mr. and Mrs. Walter Matthews, Mrs. Joseph Caron and Miss Mabel McLain.
